

easySDI - Enhancement #1435

Add the ability to include a XSL for export

07/06/2017 04:11 PM - Portier Thomas

Status:	Affected	Start date:	07/06/2017
Priority:	Normal	Due date:	
Assignee:	Portier Thomas	% Done:	0%
Category:	CATALOG	Estimated time:	0.00 hour
Target version:		Ergonomic impact:	the export of the XML will be personalized
Sponsor:		Functional impact:	Add a new option in the catalog component
Description			
We could add the ability for EasySDI to add in the catalog options an XSL used during the XML export of a metadata.			
This will permit to remove the : <sdi:platform> part in the metadata exported.			

History

#1 - 10/26/2017 10:32 AM - Portier Thomas

The XSL file definition will be attached to a resource type

#2 - 10/26/2017 10:33 AM - Blatti Yves

- Status changed from New to Request For Comments

#3 - 10/26/2017 10:34 AM - Blatti Yves

- Status changed from Request For Comments to Accepted
