

easySDI - Enhancement #1473

Add a range in SHOP DASHBOARD's "response time"

05/01/2019 02:59 PM - Blatti Yves

Status:	Request For Comments	Start date:	05/01/2019
Priority:	Normal	Due date:	
Assignee:	Technical Committee	% Done:	0%
Category:	DASHBOARD	Estimated time:	0.00 hour
Target version:	4.5.2	Ergonomic impact:	None
Sponsor:			
Functional impact:	Give providers finer info about their response time to data clients.		
Description			
<p>With more and more data extraction automation, thanks to EXTRACT, response times tends to shorten. We'd like to split the time ranges in the dashboard :</p> <p>From :</p> <ul style="list-style-type: none">- <1h- 1h-48h- >48h <p>To</p> <ul style="list-style-type: none">- <1h- 1h-24h- 24h-48h- >48h
